## BASEBALL PROSPECTS ROSY AT EASTERN

Splendid Diamond Material Seems  
In Sight and Good Schedule  
Is Arranged

At a recent meeting of the Eastern Kentucky Athletic Association in Corbin, Coach Hembree of Eastern Normal, succeeded in filling practically all his base ball dates. He has scheduled four games with Sue Bennett Memorial, four with Union College, four with Western Normal, two with Wesleyan College, and two with Cumberland College. Eastern has an open date on April 18, when Coach Hembree is endeavoring to bring a strong nine to Richmond. One date is tentative on the Eastern schedule. It is with Transylvania College on May 11. Contracts have been signed for the greater part of the games.

Eastern has prospects for one of the best nines in the history of the school. Most of the last year's team are already back or will be on some date in the near future. The two men who will be missed mostly from the Eastern line-up are Captain Jim Lackey of the 1921 team, and Earle Combs, probably the best player who ever pulled on spikes at Eastern. Lackey pitched Eastern to several victories besides covering much ground at first and second for the Marion and White. Combs' slugging will be missed greatly because his sterling work in the field. Two players already in school who played with Eastern in 1921, are Maimons and Dumaway. Fox, Gray, Rice, Ballou, and Goodman are expected to enter school at some date in the near future. Many other stars in other uniforms last year are already planning to enter Eastern or have already done so. The new men who have been showing up well in the early practice sessions are Little who played last year with Wesleyan, Johnson, of Berea, Clark of Berea, Stephenson, of Berea, Floyd of Winchester High School, Potter, who is a veteran of one of Eastern Kentucky's mining teams, and Davis, Leroy Lewis who pitched for a position on the Eastern team. When Ballou, last year's pitching ace, returns, he and Lewis should make Eastern's opponents look sick. Prospects for the coming team are rather bright which means that Richmond baseball fans are in for some good games this spring.

While Coach Hembree was at the meeting at Corbin, a tennis tournament was arranged to be held in London on the Sue Bennett Memorial courts. Four schools will be represented. They are Eastern, Cumberland, Union, and Sue Bennett. Doubles and singles will be played. Each team will be composed of four faculty representatives (two men and two women) and four student representatives (two men and two women). The tournament will be held near the first of May. Try-outs for the local teams will be held in the latter part of April. Cumberland College boys were awarded the basketball championship in the Association while the Union College girls carried off the honors in their division. Banners will be presented to these teams.

Three football games for 1922 have been definitely arranged. Eastern plays the Union College eleven at Barbourville Thanksgiving Day, Western Normal here October 10, and Cumberland College here October 28. The season will probably open in Richmond with Sue Bennett Memorial's eleven on September 30. With prospects for good football several other hard games are to be arranged.

The Eastern baseball schedule is as follows:  
April 8—Open.  
April 14—Sue Bennett Memorial at London.  
April 15—Sue Bennett Memorial at London.  
April 19—Cumberland College at Williamsburg.  
April 22—Kentucky Wesleyan College at Richmond.

May 31—Union College at Barbourville.

## FLORIDA BANKS BACK BOOTLEGGERS

Formal Contracts Brought To  
Light To Bring Booze From  
Nearby Islands

(By Associated Press)  
Miami, Florida, Mar. 20—A bootlegging ring has been discovered here, so thoroughly organized that its contracts were backed by some Miami bankers, who also acted as trustees for funds covering large sales. This was officially reported to Prohibition Commissioner Haynes today. The report said the operators brazenly proposed "we will contract for all the liquor you want, Scotch, Irish or champagne, we will go fetch it." The liquor was conveyed from nearby foreign shores, but that, the report added "is minor and transitional compared with putting it ashore and shipping it to northern points."

## \$6,000 STOLEN IN SELMAN'S BIG STORE

(By Associated Press)  
Louisville, Ky., Mar. 20—Detectives today are working on the theory that thieves who blew the safe in the store of H. R. Selman at Fourth and Walnut streets in a busy part of the retail shopping district Sunday night, were guided and advised by some one employed in the place. The robbers got approximately \$6,000 in cash and about \$2,000 in checks. About the same time thieves entered a grocery store two blocks away, took the safe from a spot under the glare of an electric light, conveyed it to the basement, cut it open and extracted \$200.

**Nay Coy Gets the Nifty Buick**  
That handsome new Buick runabout that's been attracting so much attention on the streets went "like hot cakes." Nay Coy got in his application for it first and bought it. General Manager Burton Roberts, of the Richmond Buick Company, says he could have sold half a dozen of this design if he could have gotten them. It seems that the factory is putting out only a limited number of this model this year and those who want them have to talk fast.

(By Associated Press)  
London, Mar. 20—The Pall Mall Gazette and Globe correspondents today telegraphed from Ireland "there are all the elements of serious outbreaks on the Ulster-Free State border and only a spark is needed to bring it about." The Evening News' Belfast correspondent described the border line of Ulster "like a battle front," with the rival forces of the Irish Republican army and of Ulster special constables within rifle range and continually firing at each other. Every important bridge leading from the Free State has been blown up while hundreds of roads are treacherous. Unionists along the frontier are much perturbed over the menace of invasion.

He first sought information on troubles that the local laddies encounter in their work of extinguishing blazes. ## "BIG JUDGE" FORGOT HIS "LONG GREEN"

The Nicholasville News had this of interest:

Men in high walks of life are endowed by nature just about the same as those who have been unable to attain honor and fine education. This is particularly true when it comes to satisfying the appetite or the physical desires of God's chosen creatures of this terrestrial sphere. Monday Judge W. R. Shackelford announced to the court that unfortunately he had forgotten to bring his regular supply of good old long green chewing tobacco with him, and that without his portion of genius nicotine it was doubtful if he would be able to work all day without getting cross. Alfred Davis, of East Hickman neighborhood, on Tuesday morning remembered the remarks of the Judge and brought in a fine twist of bright leaf made especially for the purpose. The twist was not of the ordinary ten-cent kind you get at the corner store, it was about two feet long, large in circular parts and would have won a prize at any tobacco twist show. Of course it goes without saying that the Judge was very felicitate over the gratifying gift.

## HOW TO SECURE FREE TREES FROM STATE

The State Department of Agriculture is sending out more information about its free trees. It says it has in the two nurseries located at the State Fair ground, Louisville, and at Frankfort, the following trees for distribution:  
Ash white 2 to 7 feet in height; Catalpa 2 to 4 ft. in height; Cherry, wild, 5 to 8 ft. in height; Elm, red, 2 to 6 ft. in height; Locust, black, 2 to 4 ft. in height; Maple, red, 3 to 7 ft. in height; Maple, silver, 2 to 5 ft. in height; Oak, pin, 3 to 6 ft. in height; Oak, red, 2 to 6 ft. in height; Oak, chestnut, 2 to 5 ft. in height; Red bud 3 to 6 ft. in height; Sycamore, 3 to 6 ft. in height.

These may be secured in lots of not less than ten trees at the nominal amount of 5c each for trees up to 6 feet in height and 10c each for trees 7 to 10 feet in height for expense of packing and drayage, i. e. b. express of office at Louisville or Frankfort.

These trees are somewhat small in size, easily handled, making small express charges, and when planted should grow rapidly.

Neighbors or communities should order jointly to save expenses in shipment. Form clubs and send order in at once.

These trees are available for roadside, parks, school grounds and street and lawn planting.

Send your order direct to or communicate with F. W. Winstead, R. F. D. 22, Box 25, Louisville, Kentucky.

## MADISON ASKED FOR \$2,500 JEWISH RELIEF

Dreadful Conditions in Europe  
Again Call To Generosity  
and Charity of World

A campaign for Jewish War Relief is to be launched in Richmond and Madison county this week. It will be similar to the one launched three years ago except that the quota is not so large this time. Then Madison was asked to give \$3200 and exceeded the quota by three hundred dollars. This time Madison is asked to give \$2,500.

Owing to the scarcity of Jewish population in Madison county, one of the ministers of the town, Dr. O. Olin Green, has been asked to take charge as chairman of the campaign. He will be ably assisted by Elmer Deatherage, organizer, R. E. Turkey, treasurer, and Jack Pnshin, publicity director.

The following letter from Herbert Hoover, who is familiar with the dire conditions in Europe, is self-explanatory:  
David A. Brown, Chairman, Jewish Rel. of Committee, 103 Park Avenue, New York City.  
Dear Mr. Brown:

Each year when the American Jewish Relief Committee has made its appeal, I have had the honor of commending its work to the American people and likewise this year I have observed the continued necessity and the continued high efficiency of its service.

It has always maintained a broadmindedness in the matter of race and religion and has given its support, both financial and moral to every effort in the alleviation of human distress.

I trust the committee will have the same support again that it has had hitherto.

Yours faithfully,  
HERBERT HOOVER.
